## **Roadway, Sidewalk Improvements on Illinois 126 from Wallin Drive to the DuPage River**

**CHICAGO** – The Illinois Department of Transportation (IDOT) announced that lane closures and sidewalk closures will take place along Illinois 126 between Wallin Drive and the DuPage River, in Plainfield, beginning, weather permitting, Monday, July 17. The closures are necessary for a roadway and sidewalk improvement project.

In order to complete the work, nighttime lane closures will take place on Illinois 126 from Wallin Drive to west of the DuPage River. Daytime sidewalk closures will take place, as well as other daytime lane closures, when necessary.

The scope of the project consists of resurfacing and improvements to the shoulders. The sidewalks will be removed and replaced to comply with the Americans with Disabilities Act (ADA).

The overall project is expected to be completed in Summer 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
